

## THE CITY COUNCIL

### Proceedings of Last Night's Meeting.

#### Large Amount of Routine Business Transacted—Other Matters.

All the aldermen except Mr. Lacy were in their seats when the city council was called to order at its regular meeting last night.

After the reading of the minutes the regular order of business was taken up.

**PETITIONS AND COMMUNICATIONS.**  
The chair stated that he had called the attention of the city engineer to the recent injury to the garbage furnace by fire and had authorized him to see that the necessary repairs were made. The action was sustained by the council.

The chair also called the attention of the council to the fact that a portion of the flooring of the suspension bridge was sadly in need of repairs and was becoming rather dangerous. This matter was referred to the street committee and city engineer.

Attention was also directed to the case of a destitute invalid who was dependent on the city, and desired to raise funds to send her to her home.

City Physician Black, who was present, stated that he had investigated the case and through the King's Daughters and other charitable disposed persons the necessary funds had been raised. Dr. Black also stated that a boy in the hospital was now able to leave, and he wanted to know if the council wanted to send him to his home in the Indian Territory, or pay 50 cents per day for his board in the hospital. He was now an expense on the city, and he was of the opinion that it would be cheaper for the city to send him home.

On motion it was decided to appropriate \$7.50 out of the hospital fund for this purpose. This will pay the boy's fare and incidental expenses.

Chief A. M. Prescott, of the fire department, was granted a leave of absence to extend three weeks.

A proposition by W. H. Turner to deed property opposite Chestnut street to the city went to the street committee.

The usual number of petitions for return of fines for impounding mules, cows, horses, hogs, steers, yearlings, colts, jacks, jennets and goats, went to the police committee for consideration of the merits of each.

Mrs. J. B. Hays' petition to erect a shed at the corner of Second and Franklin streets was referred to the fire committee.

An invitation to attend the labor union picnic on July 4th, was accepted with thanks.

The petition of Waters Pierce Oil company to build a brick ware house at the corner of First and Jackson streets was read. It is intended to store oil and greases in this building, and the petition, therefore, went to the fire committee for investigation.

#### REPORTS.

The fire committee recommended the appropriation of \$200 for the purpose of putting up the automatic repeater recently ordered by the city council. Adopted.

The street committee recommended the council to instruct the school board to purchase the school property on North Sixth street for \$500, for the purpose of opening a street. Adopted.

The same committee recommended the construction of a brick wall at the north end of the North Sixth street bridge across Barron's branch. Adopted.

The public weigher's report, showing 103 loads weighed during the month of May, was received and filed.

The finance committee reported the blanks filled in the ordinance levying special taxes for paving North Fourth street. The ordinance was read the second time and went over.

The gas committee recommended

that the mayor be instructed to advertise for public lighting proposals in the Waco, Dallas and St. Louis papers. The report was recommended.

The ordinance granting the Missouri, Kansas and Texas railway company of Texas the right to construct a switch on Jackson street was read the first time and went over.

The report of the street committee authorizing the adoption of the report of the city engineer on draining East Waco, and authorizing the mayor to advertise for bids for same according to plans and specifications was adopted.

The ordinance granting the Missouri, Kansas and Texas Railway company of Texas the right to construct a switch on Jackson street between First street and the river, was read the first time and was passed.

The ordinance enforcing sanitary connections was read the second time.

Mr. Harrison recommended that the ordinance be recommitted to the ordinance committee and city attorney. Mr. Harrison's motion prevailed.

On the matter of improving Waco creek, the street committee recommended its postponement on account of lack of funds. Adopted.

The sanitary committee submitted a communication from the city physician in regard to parties allowing waste bath water to escape on the streets.

Alderman Poage said the difficulty was in those cases that the proper officers did not file complaints, and prosecute parties guilty of nuisances in the courts. The city paid officers to file the complaints, and they should do so.

Mr. Harrison said there was a good deal of fuss and fire about people running water into the street. Besides, on streets where there are no sewers, it is just as bad to let it run on level ground elsewhere. Such a course, he thought was unnecessarily harrassing to the people of this town.

Mr. Poage moved that the matter be referred to the police committee. The motion prevailed.

The amended report of the street committee authorizing the appropriation of \$15,000 for opening South Eighth street was adopted.

The chief of the fire department reported that he had taken note of the pressure of the Bell Water Company pursuant to instructions. Received and filed.

The bid of James Gill to paint the West End fire station for \$41.25 was referred to the public improvement committee.

#### NEW BUSINESS.

On motion the vote by which the petition of the Waters Pierce Oil company was referred to the fire committee was reconsidered. Mr. W. E. Hawkins, who was present, addressed the council in behalf of the company, and the petition was granted.

Adjourned.

#### THE DISCOVERY OF AMERICA

by Columbus brought enlightenment to the world. New fields of enlightenment in this century are in the lines of science. The triumph of Conservative Surgery is well illustrated by the fact that

**RUPTURE** is now radically cured without the knife and without pain. Clumsy, chafing trusses never cure but often induce inflammation, strangulation and death.

**TUMORS**, Ovarian, Fibroid (Uterine) and many others, are now removed without the peril of cutting operations.

**PILE TUMORS**, however large, Fistula and other diseases of the lower bowel, are permanently cured without pain or resort to the knife.

**STONE** in the Bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting.

**STRICTURE** of Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and particulars, send 10 cents (in stamps) to World's Dispensary Medical Association, 683 Main Street, Buffalo, N. Y.

#### WILL DO IT EVERY TIME OR MONEY REFUNDED.

Taylor, Tex., May 25, 1894.  
Waco Electric Medicine Company:

Gentlemen—Dr. Grant's Anti-septic cured my little girl of slow fever in three days, and I take great pleasure in recommending it to others.

Yours truly,  
OLLIE SCOTT.  
Every bottle guaranteed. Agents wanted in every town. Call and get samples.

WACO ELECTRIC MEDICINE COMPANY.  
Room 1, Provident Building, Waco.

## AT THE AUDITORIUM.

The Lyceum Theater Company Presents "Woman Against Woman."

Bartley Campbell's drama in five acts, "Woman Against Woman," was presented to a large audience at the Auditorium last night by the Lyceum Theater company.

Mr. Eugene Ellsworth, as Uncle Burdette, gave an excellent presentation of the gruff old man. Miss Shirley was very good as Florence Grantley. She is very versatile, and each succeeding character as presented by her proves her to be an actress of considerable ability. Charles Covell as Harry Grantley was excellent. In leading parts he is in his line, and his work is very acceptable.

H. L. Widner, as Muggs, the comedian, and John W. Horner, as Gordon, were very good. Miss Fowler, as Blanche Sterling, presented the character well. She is quite talented. Sally Annie Waddles was given by Miss Zulla Ellsworth.

Tonight the company will present the great four act military drama, "Lynnwood," for the benefit of the Waco Light Guards.

Hobson cars will run every seven minutes. The admission this evening will be 50 cents, on account of the benefit.

### SAILED THE SEAS 38 YEARS

#### One of His Experiences.

For thirty-eight years Capt. Loud followed the sea, most of that time as master of a vessel, and upon retiring from the water was appointed by the Secretary of the United States Treasury to superintend the seal fisheries in Alaska, which position he held five years. He relates one experience as follows:

"For several years I had been troubled with general nervousness and pain in the region of my heart. My greatest affliction was sleeplessness; it was almost impossible at any time to obtain rest and sleep. Having seen Dr. Miles' Restorative Nervine I began using Nervine. After taking a small quantity the benefit received was so great that I was positively alarmed, thinking the remedy contained opiates which would finally be injurious to me; but on being assured by the druggist that it was perfectly harmless, I continued it together with the Heart Cure. Today I can conscientiously say that Dr. Miles' Restorative Nervine and New Heart Cure did more for me than anything I had ever taken. I had been treated by eminent physicians in New York and San Francisco without benefit. I owe my present good health to the judicious use of these most valuable remedies, and heartily recommend them to all afflicted as I was."—Capt. A. P. Loud, Hamden, Me.

Dr. Miles' Restorative Nervine and New Heart Cure are sold by all druggists on a positive guarantee, or by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price, \$1 per bottle, or six bottles for \$5, express prepaid. They are free from all opiates and dangerous drugs.

For sale by all druggists.

#### Notice to Contractors.

Sealed proposals addressed to the mayor and street committee will be received at the office of city secretary, to be opened at 3 o'clock p. m. July 5, 1894, at the city hall, Waco, Texas, by the mayor and street committee, for furnishing all labor and material, and paving North Fourth street from Marlboro avenue to Kentucky avenue, with native rock and gravel, according to profile and specifications in city engineer's office. A certified check for one hundred and fifty dollars, payable to the mayor of Waco, Texas, must accompany each proposal before it will be considered, and a bond for twenty per cent. of the cost of paving will be required with contract. The city of Waco will pay for street intersections, and method of the paving of the roadway; contractor shall assume the collection of the remaining two-thirds of the cost of paving roadway from abutting property owners. The right to reject any and all proposals is hereby reserved by the city council of the city of Waco, Texas. JOHN F. HERBERT, Mayor pro tem.

Attest:

W. C. COOPER, City Secretary.  
By R. W. JOBLONOWSKI,  
Deputy.

## DILWORTH

Makes the best and cheapest abstracts in Waco; he is sole owner of his
